

**LAUNCH OF THE ZIGGY LEARNING KIT IN MEMBER LIBRARIES  
OF THE RÉSEAU BIBLIO DE L'OUTAOUAIS**

**Gatineau, May 1st, 2024.** – The Réseau BIBLIO de l'Outaouais, in collaboration with GénieLab, is proud to launch the Ziggy and Singing Insects kits.

This learning kit introduces children aged 6 to 10 to the mysteries of coding. It's interactive, stimulating and allows youngsters to plunge into the fascinating world of sound, movement, natural sciences and technology. The Ziggy kit is available in all member libraries of the Réseau BIBLIO de l'Outaouais.

Help Ziggy make sounds and music, and learn all about insects, biomimicry, music, technology, programming a micro:bit and much more!

**Borrow the Ziggy kit from your library now!**

*About Réseau BIBLIO de l'Outaouais*

Created in 1964, the Réseau BIBLIO de l'Outaouais has the mandate to ensure a quality and local library service, offering citizens of all ages access to reading, information and documentation in all its forms. Réseau BIBLIO's services are accessible to more than 79,800 citizens, distributed in 47 public libraries serving the citizens of 53 municipalities in the Outaouais. Through its public library, the population has access to a collection of more than 377,700 printed documents and digital documents. It also offers a range of services and activities such as: workshops, events, conferences and artists' exhibitions, not to mention the many online services accessible at all times, at [www.reseaubibliooutaouais.qc.ca/en](http://www.reseaubibliooutaouais.qc.ca/en).
